Active Vitamin Treatment

(3 areas) 1 hour £60 (Course of 6 £320)

Advanced Active Vitamin treatment

(10 areas) 1.5 hours £65 (Course of 6 £350)

Packed with nourishing, anti-ageing ingredients, the Active Vitamin Treatment will leave your skin looking radiant and dewy. The freshest, most active forms of Vitamin A, C and Anti-Oxidants are driven deep into the lower layers of the skin using soundwaves and small electrical pulses. This scientific approach stimulates Collagen to soften lines and improve elasticity, increase hydration and boost radiance. The Active Vitamin treatment is suitable for all skin types and is particularly effective at addressing sun-damage, pigmentation, premature ageing, dryness, uneven skin tone and scarring with measurable differences after just one session.

The Frown Treatment

45 minutes £75 (Course of 6 £400)

This highly effective treatment uses a special penta-peptide serum to target frown lines and achieve dramatic results. The unique combination of active ingredients is driven deep into the skin to soften lines and reduce muscle tension in the forehead helping to prevent new lines forming. The treatment targets the same chemical complexes as injectables without the associated risks.

HydraBoost Treatment

1.5 hours £75 (Course of 6 £400)

The perfect antidote to dry, lacklustre skin, this intensive treatment deeply hydrates while plumping and firming the skin. Based on Hyaluronic Acid, which holds 1000 times its own weight in water, it helps to reduce fine lines caused by dehydration and increase the plumpness of the dermis, resulting in moisturised, glowing skin.

Body Sculpt treatment

1 hour £60 (Course of 6 £320)

This effective treatment is a great way to help smooth stubborn cellulite while firming and tightening the skin. The active ingredients in Environs Body Profile Gel are driven deep into the lower layers to assist in the reduction of the 'orange peel effect' on upper thighs and buttocks leaving skin smooth and hydrated.

CST – Collagen Stimulation Therapy

Unlocking your body's powers of rejuvenation

(also known as Medical Needling)

A cutting edge treatment that harnesses your body's natural powers of healing to tighten skin and achieve incredible results. It is especially effective for addressing the visible signs of ageing, as well as sun damage, acne scarring, slackened skin, stretch marks, uneven skin tone and dilated blood vessels, and any other scarring

Can be done on all areas of the face and body and is suitable for all skin types.

Using a topical anaesthetic and the Medical Roll-CIT from Environ, this creates thousands of microscopic channels penetrating into the lower layers of the skin. This causes a minimal amount of bleeding which stops within minutes, creating the release of powerful growth factors which stimulate increased collagen and elastin. A course of 6 is recommended.

First treatment £240, subsequent treatments £160.

Environ skincare regime needs to be in place 3 weeks before treatment to acclimatise the skin to vitamin A & C.

Skin Clearing Treatment

45 minutes £45 (Course of 4 £160)

Specifically designed to address problem skin, this is a gentle peeling treatment to clear the complexion and calm inflammation. Mild forms of Lactic Acid are used to destroy bacteria, boost hydration and remove the build up of dead skin cells on the surface of the skin, helping to decongest the skin and smooth its texture.

Manual Vitamin Treatment Facial

50 minutes £45

A relaxing treatment facial using active levels of vitamin A, C and Anti-Oxidants. A more traditional pampering facial whilst improving the skin, leaving it feeling refreshed and hydrated.
